PART IV – REPRESENTATIONS AND INSTRUCTIONS
SECTION M
EVALUATION FACTORS FOR AWARD

EVALUATION AND SELECTION CRITERIA

M-100 BASIS FOR CONTRACT AWARD: This is a competitive best value source selection in which competing offerors' past performance history will be evaluated on a basis significantly more important than cost or price considerations. By submission of its' offer in accordance with the instructions provided in Section L, the offeror accedes to the terms of this model contract and all such offers shall be treated equally except for their prices and performance records. The evaluation process shall proceed as follows:

A. Initially offers shall be ranked according to price. The price evaluation will document for the offers evaluated under the following subparagraph B, the completeness, and reasonableness of the proposed total evaluated price.

B. Using questionnaires, the contracting officer shall seek performance information on the lowest priced offerors (usually the lowest five to seven) based on (1) the references provided by the offeror and (2) data independently obtained from other Government and commercial sources. Generally, the contracting officer shall not seek information on the evaluated higher priced offers unless it is determined none of the lower priced offers are acceptable for award. The purpose of the past performance evaluation is to allow the Government to assess the offeror's ability to perform the effort described in this RFP, based on the offeror's demonstrated present and past performance. The assessment process will result in an overall risk rating of exceptional, very good, satisfactory, none, marginal, or unsatisfactory. Past performance regarding predecessor companies, key personnel who have relevant experience, or sub-contractors that will perform major or critical aspects of the requirement will be rated as highly as past performance information for the principal offeror. Offerors with no relevant past or present performance history shall receive the rating "none," meaning the rating is treated neither favorably nor unfavorably.

C. If the lowest priced evaluated offer is judged to have an exceptional performance risk rating, that offer represents the best value for the Government and the evaluation process stops at this point. Award shall be made to that offeror without further consideration of any other offers.

D. The Government reserves the right to award a contract to other than the lowest priced offer if that offeror is judged to have a performance risk rating of "very good" or lower. In that event, the contracting officer shall make an integrated assessment best value award decision.

E. Offerors are cautioned to submit sufficient information and in the format specified in Section L. Offeror's may be asked to clarify certain aspects of their proposal (*for example*, the relevance of past performance information) or respond to adverse past performance information to which the offeror has not previously had an opportunity to respond. Communication conducted to resolve minor or clerical errors will not constitute discussions and the contracting officer reserves the right to award a contract without the opportunity for proposal revision.

- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.
